

# Smart SIP Max

## CRITICAL INFORMATION SUMMARY INFORMATION ABOUT THE SERVICE

### SERVICE DESCRIPTION

Commander Smart SIP Max plans provide your business with an nbn-ready phone service delivered via your Internet connection, sometimes referred to as Internet or IP telephony. Smart SIP Max is designed to carry voice calls from your SIP capable Phone system or gateway device. These plans are not available for resale or high volume telemarketing purposes.

### KEY DETAILS

Your Commander Smart SIP Max service allows you to make and receive phone calls. Your Monthly Access Fee includes line rental and free internal calls. The Information About Pricing section specifies other call types that are included in your Smart SIP plan. Call types not listed, optional Value Added Services and any equipment required to operate your service are charged in addition to your Monthly Access Fee.

This service may not be appropriate if you require an uninterrupted phone service with access to 000 emergency services. The service will not function in the event of a power failure. Priority Assistance is not available on this service.

### STANDARD INSTALLATION REQUIREMENTS

An Internet service with a minimum of 100/100 Kbps per concurrent call is required for a Commander Smart SIP Max service. You can

utilise an existing Internet connection or request a new one from Commander. Applicable Internet rates apply. To use a Commander Smart SIP Max service, you will need a high-speed Internet service (broadband), a SIP capable modem/router and a SIP-enabled PBX. These can all be sourced additionally from Commander if required; please speak to your Commander representative for more information.
